I would like nothing better than to discredit us, those statements that Russia's "I ask any neutral what would have mobilization was an aggressive one and that other Powers, any other Power, had British Government had accepted such trafficked in the neutrality of Heigium an offer. There would be no morals, no or planned an attack through Beigium— round like to see those statements incurred the contempt of the whole world vestigated before any independent, im-

Suppression of Truth.

Russia. France and Italy accepted the conference and one Power refused it. The Power softened a conference labor, and now we have had time to and one Power refused it, is it the Power equip and train a large army. We have forcing war, or the Power that refuses it?
The Emperor of Russia effered the
Hague Tribunal. When one sovereign

offers the Hagne Tribunal and another refuses it, is it the sovereign who offers reference to The Hagne who is forcing war?

"On the very eve of war France gave her pledges to respect the neutrality of Helgium if Germany would not violate it. And we asked for such pledges. Was it the Power which asked for a pledge and the Power which gave a pledge which were responsible for the violation of the neutrality of Helgium or the Power that refused to give the guarantee?

"And shedding It because we know our cause is theirs and that for the future we shall stand and fall together without separation of one from the other, feeling that unity is essential not merely to viertory but to our future life and success. "Germany is trying to separate one from the other in order to realize her alm. Not a week casses that does not confirm our resolution to go through with our allies, and after the war I trust the memory of the sufering we have undergone together, the memory of the joint courage which is carrying us

"Never at any time was there a sug-gastion that a French or an English lance and sympathy between our Gov-boldier should enter Belgium, unless to ernments and our peoples."

els, was the first to mobilize. That, I amderstand, le what is represented in that we tried to avoid it in 1914. That was in that the war was not an aggressive war on Germany's part, but was forced upon her.

I "Russia never made the mobilization of which Germany has complained until after Germany refused a conference, and never made it until after the report appeared in Germany that Germany has credered mobilization and that report has credered mobilization and that report has been telescaphed to bettergrand.

That, I how terrible a war in Europe would be that we tried to avoid it in 1914. That was in time time to be penetrated with a sense of what war meant. It was bettered to avoid war, and because we have this experience of what war does mean we are determined that the war shall not entitle that the generations and the nations in the future shall not be subjected to such a terrible trial again.

We were asked by Germany to re-

cridered mobilization and that report had been telegraphed to l'etrograd.

The whole plan of campaign of the German staff was to attack through Belgium, and now it is represented that they had to attack through Heighum because other people had planned to attack through Heighum because through Heighum.

A terrible trial again.

"We were asked by Germany to remain neutral conditions. We were asked to condone violations of the neutrality of Belgium and to give Germany to remain a free hand to take whatever where the plan—not only to isolate us but to discretify the plan and the plan and to give Germany to remain a terrible trial again.

Fight for Free Development.

"I take it on the word of the Prime ful in some things, but in nothing more successful than in preventing the truth from reaching their people and in presenting to them a point of view which is not that of truth."

"I take it on the word of the Prime Minister that we shall fight until we have established the supremacy and right of free development under equal conditions, each in accordance with its genue, of all States, great and small. ating to them a point of view which not that of truth
